EDUCATION

B.E. in Information Science and Engineering

Malnad College of Engineering (Autonomous), VTU, Hassan

Oct 2023 – Jun 2027

GPA: 8.1 / 10

Pre-University (PCMB)

Masters PU College

May 2022 – Apr 2023

Score: 88.8%

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript

Frontend: React, Next.js, HTML, CSS, Tailwind CSS

Backend: Django, Django REST Framework, REST API Design

Databases: PostgreSQL, MySQL, SQLite

Cloud & DevOps: AWS, GitHub Actions, Render

Tools: Git, GitHub, VS Code, Figma

PROJECTS

Medication Reminder Web App Live: [Link](#) | GitHub: [Link](#)

March 2026 – Present

Django · Next.js · PostgreSQL · Google OAuth · VAPID Web Push · Render

- Built and deployed a full-stack medication adherence platform with Google OAuth authentication, serving real users with a live production URL on Render.
- Implemented VAPID-based Web Push notifications so users receive browser reminders for scheduled medications even when the app is not open.
- Designed a calendar-based dashboard displaying daily medication adherence insights (taken vs. pending counts per day) with real-time clock display.
- Resolved production deployment challenges including CORS configuration, hardcoded API URL elimination, and VAPID key security, achieving a stable zero-downtime deployment.
- Stack: Django REST Framework (backend) · Next.js 14 + TypeScript (frontend) · PostgreSQL · Render (cloud deployment).

SyllabusMaker — Academic Workflow Automation System GitHub: [Link](#)

Nov 2025

Django · PostgreSQL · Role-Based Access Control · PDF Generation

- Built a role-based academic management system for Dean, HOD, and Faculty users
- Implemented secure authentication and permission-based access control
- Designed relational database schema to manage courses, schemes, and syllabus data
- Automated PDF syllabus generation using ReportLab
- Reduced manual syllabus preparation effort through centralized digital workflow
- Developed modular Django backend with structured data validation and approval workflows

CERTIFICATIONS

AWS Academy Graduate — Cloud Architecting | Amazon Web Services, 2025

Python Essentials 1 | Cisco Networking Academy, 2025

Quantium — Software Engineering Virtual Experience Program | Forage, 2026

LEADERSHIP & ACTIVITIES

Cultural Team Coordinator — Art Wing

2024

Malnad College of Engineering

- Coordinated cultural activities, art events, and inter-collegiate competitions, managing logistics
